Perhaps the most controversial of Shakespeare's comedies, The Merchant of Venice tells the tale of a man, Bassanio, who has a crazy plan to woo the heiress, Portia, with money borrowed off an old Jewish money lender, Shylock. However, when the money isn't repaid soon enough, his friend Antonio, the titular Merchant of Venice, may have to pay the ultimate price for Bassanio's big ideas. With a court case in session, it will be up for the play's heroines to sort out the mess caused by their husbands-to-be. (Summary by Charlotte Duckett)
